

Cumberland Care Plan

Twice-Yearly Inspections for Safer, More Efficient Systems

Scheduled maintenance; it pays to inspect your HVAC systems to make sure they are running properly before turning them on - especially after a long period of inactivity or before facing extreme temperatures and long run times. That's why Cumberland Service Techs offers the Cumberland Care Plan to make sure that your heating and air conditioning systems are working before you need them!

Plan Benefits

- 2 Inspections per Year
 - Spring/Early Summer
 - Fall/Early Winter
- Priority Status for Emergencies
- Pre-season Scheduling
- Reminder Service
- Extended Lifespan of Equipment
- Reduced Frequency of Repairs

Details on our Cumberland Care Plan can be found by scanning the QR code

NATE Certified Standard Tasks Include the following (as needed)

- *Burner Cleaning (\$175 Value)*
- *Chemically Clean Coils (\$191-307 Value)*
- *Condensate Treatment (\$20 Value)*

Single System

- *\$35 / month or \$460 / year*

Additional System

- *\$29 / month or \$370 / year*

During each scheduled visit, CST will perform preventive maintenance to the covered systems consistent with applicable Air Conditioning Contractors of America (ACCA) standards.

"Quality Comfort, Built on Integrity"

Cumberland Care Plan

Cumberland Service Technicians (CST)

Cumberland Service Technicians (CST) is a locally owned HVAC, plumbing, and refrigeration company serving Wilson County and the surrounding Middle Tennessee area. Founded by business owners who wanted honest answers and dependable service, CST was built on a simple principle: diagnose the problem correctly before recommending a solution.

Our team specializes in residential and commercial service, with a strong focus on quality workmanship, clear communication, and long-term reliability. From routine maintenance to complex repairs, CST is committed to doing the job right and earning the trust of every customer we serve.

"Serving Wilson and Surrounding Counties"

Indoor Air Quality

\$1,401.00

Reme Halo LED Air Purifier

REME-LED® protects the air and provides a longer product life with improved energy efficiency, zero ozone creation and no mercury (sometimes found in traditional UV lamps). It has a 7-year warranty with a 4-year cell warranty.

\$647.00

Scorpion UVC-LED System

The Scorpion UVC-LED is designed to kill mold, mildew, bacteria, viruses, and other harmful biological growth in the HVAC system and on the evaporator coil. It also helps reduce foul and musty odors like dirty sock smell and will even help keep the drain line from clogging.

\$1,114.00

iWave-R Air Purifier

A self-cleaning, no maintenance ionization generator. When these ions encounter any contaminants in the air, like VOCs, bacteria, viruses, particles, smoke, odor, or anything else, they either neutralize or reduce them by reacting to them.

\$459.00

Duct Mounted Smoke Detector

This duct smoke detector provides early detection of smoke and products of combustion present in the ducts of any residential home. These devices are designed for the prevention of smoke re-circulation by the air handling systems, fans, and blowers.

Thermostats

\$861.00

Honeywell T10

The T10 thermostat works with Smart Room Sensors to help you adjust the temperature and humidity from anywhere and stay cozy in the rooms that matter. It also alerts you when it's time to change your filter or when temperatures swing drastically.

\$661.00

Ecobee Premium Pro 6

The Ecobee 6 Pro Premium Wi-Fi Thermostat learns your temperature preferences and your schedule, so your home is just the way you like it. It automatically lowers the temperature when you're sleeping to keep you cool and comfortable.

Home Safety and Protection

\$663.00

Kool Guard Surge Protector

This surge protector is specifically designed to protect HVAC equipment from harmful undervoltage and overvoltage events that can damage sensitive electronics and mechanical components within the system.

\$177.00

Ditek Surge Protector

The Ditek Surge Protector is a multi-purpose surge protective device ideal for protecting HVAC condensers, pool or well pumps, motors and incoming utility power.

\$138.00

Carbon Monoxide Alarm

This carbon monoxide alarm provides you and your family with a warning signal to protect against dangerous levels of carbon monoxide in your home. The battery backup feature provides continuous monitoring of CO levels, even during power outages.

\$168.00

EZ Trap

The EZ Trap is a transparent trap with watertight red caps providing easy access to clean the trap and drain pan outlet. Made of quality construction with durable schedule 40 PVC fittings.

\$112.00

SS1 Float Switch

The primary drain line shut-off switch detects clogged air conditioner condensate drains and shuts off system to prevent water damage.

Residential HVAC & Plumbing

Cumberland Service Techs, based in Wilson County, TN, is your trusted local expert for residential and commercial HVAC and plumbing services. With a commitment to quality and customer satisfaction, our skilled technicians provide reliable repairs, maintenance, and installations tailored to your home or businesses needs.
